Languages - French

At Staples Road, we believe that children's understanding of the world around them and their tolerance and respect of other cultures is enhanced through the learning of a foreign language.

Languages are encouraged in the younger years at Staples Road: pupils being aware of different languages and cultures through stories and songs. Pupils are encouraged to use greetings in different languages in the younger years.

French is taught weekly in KS2. We follow a scheme of work called Language Angels and pupils converse in French with each other and the teacher and learn the correct pronunciation of new vocabulary. Pupils also learn the language through singing songs, playing games and using their computing skills. They are taught how to write in French and practise their grammar skills and lessons also include an understanding of French culture and learning about French speaking countries around the world.
